### **Why do NCS?**

- UCAS recommends students include NCS in their personal statement
- You learn the skills employers value
- Learn to budget and live for yourself
- Meet incredible people
- Get your voice heard!

### **Is it for me?**

In one word – YES! NCS is a chance for 15 to 17-year-olds to come together and achieve amazing things. Let's face it – life's too short to be stuck indoors. So why not kick-start your future with a summer you'll never forget! Thanks to government backing, the most you'll ever pay for this unbeatable experience is £50, but this cost could be less or even free depending on your circumstances.

### **The Programme:**

The programme takes place in the summer holidays over 4 consecutive weeks.

**Week 1:** You'll experience the freedom of being away from home with new friends and get the chance to take part in adrenaline-fueled activities like: coasteering, kayaking, surfing, rock climbing, and high ropes

**Week 2:** During the second week you will stay away from home at a local activity centre and develop independence through cooking your own meals. You'll take part in a different workshop each day in areas such as: media, sport, performing arts, design and carpentry.

**Weeks 3-4:** Now you get the chance to put all the skills and experiences developed in weeks 1 and 2 into practice as a team, agreeing on a social action project that will make a difference to your local area.

**Graduation:** It's time to celebrate in style. We think it's only right that you and your team should enjoy a well-earned reward for doing something truly inspirational in your community.
